Arabic

English

### PROFILE

Highly skilled and creative Full Stack Web Developer with over 5 years of experience specializing in the MERN stack (MongoDB, Express.js, React, Node.js) and UI/UX design. Adept at collaborating with clients to deliver web applications that not only meet specifications but also provide a compelling user experience. Well-versed in agile methodologies and a champion for responsive design, I aim to create scalable and maintainable systems that adhere to modern web standards.

#### Ui developer profile

udmey, coursera, cs50 , Ux google course

2020-2022

- "I am a seasoned web and UI/UX designer with over [X years] of hands-on experience creating and implementing innovative web designs and user experiences. Proficient in HTML, CSS, and JavaScript, I have a deep understanding of modern web frameworks and tools, ensuring seamless and responsive web presentations. My expertise in UI/UX design tools like Adobe XD, Sketch, and Figma enables me to craft aesthetically pleasing and user-centric interfaces. I'm adept at user testing and iterative design, ensuring both form and function are optimized for the best user experience. Having collaborated with cross-functional teams and directly with clients, I pride myself on my ability to translate client and user needs into intuitive, engaging, and actionable web experiences."
